PTA MET AT CRESCENT PARK SCHOOL, MAY 19

The secretary's and the treasurer's report was given. The balance in the Bethel Savings Bank is \$109.84; Casco Bank, \$56.84.

Barbara Brown reported on hot lunch program at the primary building. Two mothers relieved teachers from hot lunch duty. This gave teachers more time to supervise playground activity. This was done everyday.

Mrs. Bisbee spoke in appreciation to this group of mothers.

President Edith Eypner thanked all her committee members for the past year giving special thanks to Henry Robertson for all of this hard work he put into his most successful project of the skating rink also to Dick and Lyndell Carter for their sincere efforts in working to bring the slow learner class into existence and to Betty Tobberts for her work in securing the state library books for the past year.

Stan Davis reported on talking to Dr. Lanni. He assured him that Bethel would not be left without a doctor.

Chairman Kay Eames gave the following names of new officers for the coming year: President, Roland Glines; Vice President, Lincoln Fliske; Secretary, June Swan; Treasurer, Colleen Boyd. Ethel Bisbee has retired from being treasurer after 34 years of service.

East Bethel won the attendance banner.

After the meeting a film was shown on how a small community goes about securing a doctor.

Mr. Christie, our Superintendent, made a progress report on the revised reading program instituted last fall in the elementary school. His report was most encouraging showing students responded most effectively and still more progress evident next year. He outlined changes to improve program for the coming year. His report and plans were enthusiastically received by the members who had been vitally interested in this program from the beginning. Junior primary parents served refreshments.

MULTIPLE SCLEROSIS DRIVE THIS SATURDAY, MAY 23

If you are not home when they call, please put your donation in one of the "hops chests" in any store on Main Street. Please remember that every little bit helps.

COULOMBE ENROLLED IN SCHOOL OF BROADCASTING

Raymond L. Coulombe of 43 Sycamore St., Everett, Mass., is enrolled in the Cambridge School of Radio-TV Broadcasting, Boston. Working with professional equipment in professional sound conditioned air conditioned studios, Raymond will train with top radio and television personalities who teach from experience, not from textbooks. His workshop course includes speech and diction, microphone technique, copywriting, production and programming, announcing and disc-jockeying. He will learn how to run a control board, handle record shows, interviews and newscasts. When he graduates, will be qualified for placement in radio and television, and the Cambridge School Placement service will help him get started in a rewarding career.

Raymond is a graduate of Gould Academy and is also a veteran having served two years in the U. S. Army.

Mr. and Mrs. Clyde Knights moved Sunday to Bryant Pond.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

A section of the Flat Road was reconstructed last week. The work started where it intersects with Route 2 and extended a short distance past the schoolhouse. The question could be raised as to the need of this work as there was already a good black top road. It is the winter conditions that created a need to have the road improved. This past winter, as well as in other winters, there has been an ice problem, the ice building up as much as a foot thick, so that it was necessary to use the grader to cut it out. This situation was caused by the road being lower than the surrounding area. The road has been raised about one foot which should take care of the situation in the future. A penetration coat of asphalt will be applied in June.

Work has been started on widening the landing strip at the Bethel Airport. When completed the landing strip will be 90 feet wide and 2000 feet long. Calcium chloride will be applied to the center of the strip to aid in compacting and dust control.

A 2 1/2 ton car of calcium chloride was delivered and nearly 20 tons of it has been applied to gravel roads. From the viewpoint of the motorist it is a good dust control measure. From the municipal officers' point of view it aids in stabilizing the road surface, keeps it from blowing away, thereby reducing the need for resurfacing a road every few years.

Sincerely,
Harold L. Bean

This Is Mail Box Improvement Week

The Annual Mail Box Improvement Program will be observed this year during the week of May 18 to 23, and will include boxes on rural and star routes with collection and delivery service.

The Department encourages patrons of rural delivery service to provide suitable boxes, erected and maintained for easy and safe accessibility, presenting a neat appearance, and affording protection for the mail. Boxes that are improperly erected or in unserviceable condition retard delivery of mail and expose it to the weather.

Names of box owners should be inscribed on the side of the box visible to the carrier as he approaches, or on the door if boxes are grouped. The box number may be inscribed on the box if desired. Boxes and supports should be kept painted.

Postmasters and rural carriers should enlist the cooperation of patrons to group boxes wherever practicable, and where adequate turnouts can be provided.

Rural and star route mail boxes must be located on the right side of the road in the direction of travel of the carriers in all cases where traffic conditions are such that it would be dangerous for the carriers to drive to the left in order to serve the boxes, or where their doing so would constitute a violation of State or local traffic laws and regulations.

Where two or more boxes are grouped at one point, or the receptacles are not directly in front of the residences, the names and addresses of the owners must be on the front of the boxes.

A large bear crossed the road near the Haggood place near Songo Pond Tuesday evening in front of a car driven by Edmond Vachon. Mr. Vachon was accompanied by Elmer Allen and both watched the animal make a hurried escape in the nearby woods.

Grade 5—Mrs. Hastings

We hope everybody who came to the Spring Concert enjoyed it. In arithmetic we are learning how to add and subtract unlike fractions. Thursday, May 14, we gave Mrs. Hastings a Maybasket. It contained flowers, candy, a handkerchief, some jewelry, and fruit.

Mrs. Hastings gave us each a piece of candy. We are expecting Miss O'Connor some time this week. We are preparing test papers for her. Last week we chose teams for a baseball game. The captains were

Edwin Sloan and Barry Salway. Reported by Patricia Herzing and Martha Laws.

Grade 6—Miss Varner

Dennis Wheeler brought four coconuts. We are anxiously waiting to see the moths come out. In Science we are choosing two topics from our book and we are going to make a notebook that will include both of them. Miss O'Connor, our writing teacher, will be here Friday for our final writing test. We are glad our Spring Concert was a success. We were interested to see the real Hawaiian so that Mrs. Epper received from the Hawaiian dancers.

CHEVY'S THE HOTTEST ONE AGAIN!

HOTTEST LOOKING, HOTTEST SAVING,

A V-8-powered Impala Convertible... unmistakably '59!

HOTTEST SELLING OF THE LEADING LOW-PRICED 3

What we mean—this new Chevy's whipped up a one-car heat wave. Its fresh style caught on right away, of course. But—whether you prefer a V-8 or 6—where Chevrolet really

leaves the other cars in the shade is out on the road. A pair of Chevy's came in one-two in their class in this year's Mobilgas Economy Run. And the winning average was 23.99 m.p.g.

Why not drop down to your dealer's and see for yourself why Chevy's this year's hottest selling car?

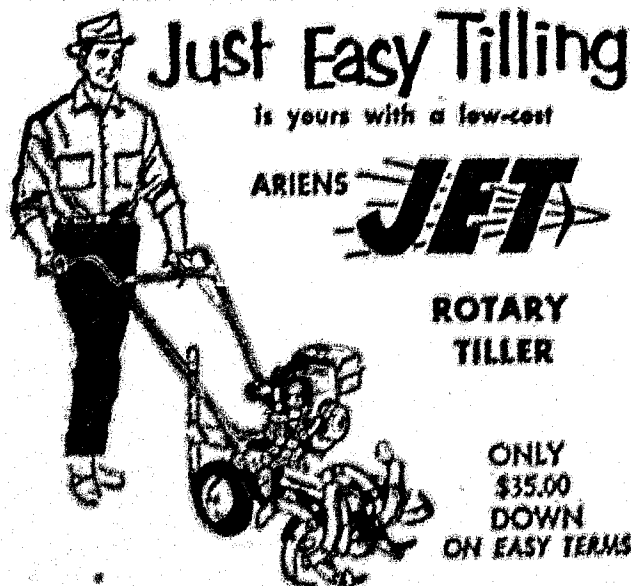

Try the hot one—see your local authorized Chevrolet dealer!

COUNTRY FLAVOR
MOON PLANTING

One does not doubt that the moon exerts a powerful influence in certain environmental situations. A full, a wax and a full moon in the springtime of year constitute a natural trilogy. Some scientists have even said that the moon's rays may work from the edges at the full of the moon in autumn, and barred state have their right-side series in bright moonlight nights in January and February.

When it comes to planting by lunar phases, the countryman tries to be objective. Since ancient times some men have believed that the moon influences plant growth. For at least a century, scientific-minded men have sought for an objective approach to the subject.

In the January 1957 New England Farmer it says, "No objection is more prevalent, or more deep-seated, than belief in the moon. Cut your grass, sow your grain, plant your squashes and beans, fill your pots and do a thousand other things which require skill of the moon! If you wish your cabbages, calves, pigs and babies to do well, when then while the moon is waxing! To talk of the changes of the moon affecting the weather and controlling vegetation is unworthy of the intelligence of the age and should be exploded."

We suppose the century ago writer is correct. But Grandfather claimed he always had better results if he planted by the moon. Crops which grew beneath the surface were planted in the waxing phase, crops that matured in the waning phase. Modern scientific evidence is there to nothing in such planting that can be substantiated scientifically.

The countryman is a believer in modern science, but from time to time he notices that some of the old ideas prove their worth.

MAN'S RECIPE
BLANCHE'S CHOCOLATE
COOKIES

These spring days when I am working in the garden, it seems logical to come to the kitchen when I know a batch of cookies is about ready to come from the oven.

Some of you have the wrong idea. I actually do a good bit of gardening. As this is written, I have 4,400 square feet in garden plots, 100 cultivated blackberries and a 20 tree orchard of Malting dwarf fruit trees.

Furthermore, I am interested in foods and if Blanche is working on a cookie, in the interest of objective analysis, I ought to help her to decide whether the cookie is a good enough recipe to share with you. Four or five of these chocolate cookies and a glass of cold milk give me a chance to pass judgment and to absorb needed nourishment. I'll be glad to hear what you think of this formula.

The one half cup butter or margarine, one and a fourth cups sugar, two eggs beaten, one half teaspoon vanilla, one tablespoon cream, one cup flour, one half cup milk, one tablespoon cocoa, one fourth teaspoon soda, and one fourth teaspoon salt.

Cream butter, add sugar and eggs. Add cocoa and blend all well. Add the sifted dry ingredients and mix all.

Drop by small teaspoons on buttered cookie sheets.

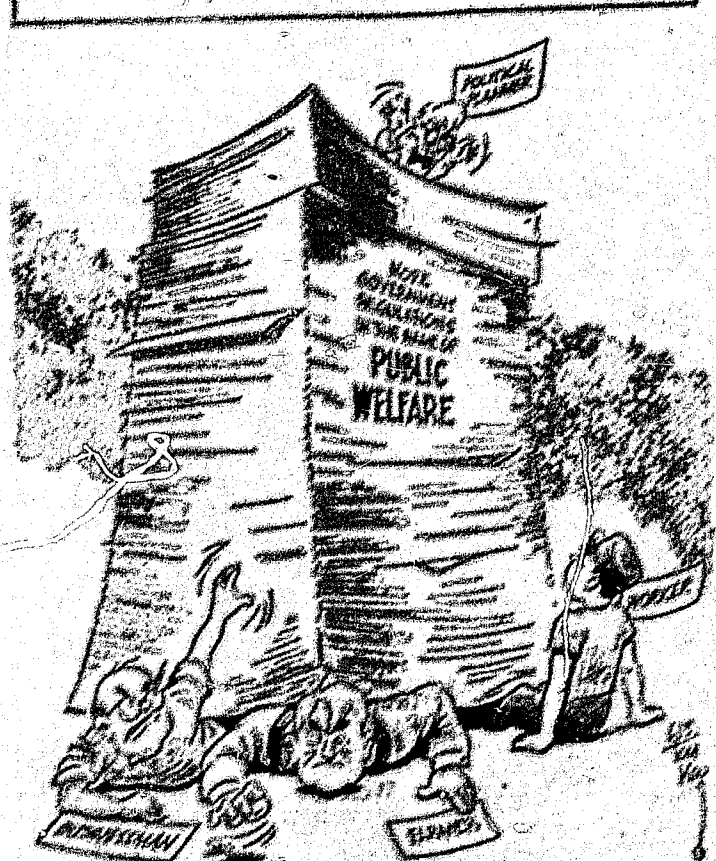

Bake at 350 for 12-15 minutes, or until done. Be careful not to overbake this cookie. Sometimes Blanche puts a chocolate frosting on these cookies, and it doesn't detract at all from their edibility.

Long-term experiences of the human race have values even if they cannot be proven. That is why certain farmers still consult the almanac before they plant their seeds.

LETTERS TO
THE EDITOR

To the Editor, Bethel Oxford County Citizen:

The Comments of the Town Manager as published in Bethel Oxford County Citizen under date of April 20th, 1959 made reference to the purchase of a used pickup truck to be used by the town for transferring small equipment and materials, as well as means of transportation in looking after the various municipal projects, where it was stated "You will be pleased to note that no additional money will be required from the taxpayers to pay for the truck. For several years the town has furnished a pickup truck and a driver to the town engineer. Instead of paying the town the same amount will be applied towards the purchase price. On this basis it will take two years and three months to pay for the truck."

The implication or impression being that no more money from the Spring of 1954 until my retirement in February 1959 I was paid the use of my truck in addition to my salary.

To correct any such implication or impression I want to tell the people of Bethel that during all the time I was acting as such town engineer I furnished my own pickup truck for use on town business without having been paid any part of the expense and even for the gas or oil used during all that time, other than as hereinafter stated.

My salary was at the rate of one dollar and fifty cents per hour from the time I started work until the time of my retirement some time in the Spring of 1954.

The purpose of this letter is to clarify the fact that the only compensation I received from the Town of Bethel during such time was my salary as voted by the Selectmen and to the town engineer recommended for the use of my truck.

Yours truly, Albert A. York

TODAY'S Meditation

Thursday, May 21

Read Romans 8:13
If the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you. (Romans 8:13)

What may know of the Holy Spirit as a doctrine, but do we know Him as a Person? To know Him thus is a definite experience in faith. Just as Jesus is real, the Holy Spirit is "the promise" of the Father, sent in answer to Jesus' prayer and in His name.

At one time the thought of dying frightened me. Then I realized that if God could resurrect Jesus after His death and burial, I had nothing to fear. By surrendering my life to Christ and following Him,

I received the assurance that God would take care of me!

As we walk "in the comfort of the Holy Spirit" we are enabled to comfort those in trouble "by the comfort wherewith we ourselves are comforted by God."

PRAYER: Heavenly Father, we may not understand the mystery of the Godhead, but we thank Thee for the provision Thou hast made for us through Thy Son to redeem us from our sin. We thank Thee also for sending us the Holy Spirit that He may abide with us forever. We thank Thee in Jesus' name. Amen.

Bible selections "Lord, thou hast said in the Spring of 1958 when it was raised to one dollar and seventy-five cents per hour, no more appear from the town records."

Last year I asked the Selectmen to either pay me a reasonable sum for the use of my pickup truck when used on town business or to furnish me with such a vehicle to transport men, equipment, etc. as well as to looking after various municipal projects, which they refused to do and even refused to pay for gas or oil used for that purpose, telling me to use the regular town trucks for that purpose, which meant taking such trucks off the regular work and often taking part of all of such crew.

The only reimbursement I ever received from the Town of Bethel for the use of my pickup truck used during all that time on town business was for the gas and oil used during the time I was acting as such town engineer.

The purpose of this letter is to clarify the fact that the only compensation I received from the Town of Bethel during such time was my salary as voted by the Selectmen and to the town engineer recommended for the use of my truck.

The European Economy and Its Possible Effects
On the American Securities Market

A recent survey taken in five European nations indicates, first, that there are many interesting possibilities for investment in securities in these areas. Second, there is still a great deal of capital available in Europe for investment in American stocks, notably from the United Kingdom and Switzerland. In West Germany there is also a great deal of capital available for investment, but due to the unfortunate experience German investors had during the last two World Wars when their holdings were confiscated, there is some reluctance to come into the American market.

Today in industrial circles there is more talk about the Common Market than about almost anything else. Created by France, Italy, West Germany, Holland, Belgium and Luxembourg the Common Market has the objectives of gradually removing trade barriers among the member countries, working up of common policies with respect to general procedures, drawing up rules to insure free and equal competition and taking steps to make full use of the resources of the different countries. This goal, if achieved, will undoubtedly help to strengthen the economy in West Germany and may provide serious competition to American products. Germany and Holland are believed to be the countries that would be the prime beneficiaries from the Common Market.

The international situation is not regarded as seriously as it is in this country. There is a strong belief that as long as America stands firm on the policy of the status quo of West Berlin Russia will offer no serious trouble. If West Berlin were traded off, however, it would undoubtedly undermine the confidence of the Western European nations and America's position in these areas could be harmed considerably. This of course might ultimately lead to war.

From the investor's point of view some of the most interesting opportunities are offered in England. Statistically there are some

Franklin Grange met Saturday night, following a public supper at 6 o'clock. Visitors were present from West Paris and Gorham, N. H. It was voted to donate to the Conservation Education Fund. Voted to cancel the next meeting, June 6, and those wishing to go on the Mystery Ride that night, will contact Miss Jeanne Carlin. An invitation was received from West Paris Grange to attend their meeting June 6, when Day State Grange, Mass., will be present and give a program. A 6:30 supper will be served and visitors are asked to bring poultry. The following program was presented by Lecturer Jeanne Carlin: Opening Song, "Smile, Smile, Smile." Public Speaking by Woodstock High School students: "Little Brother Vin" by Gertrude Smith; and "Cred" by Charles McAllister. Memorial Service conducted by Chaplain, Jeannette Carlin, in memory of Benjamin Billings and Mrs. Frances Winter, with Jeanne Carlin, soloist, and prayer by Mrs. Carlin; Mystery March, won by Mrs. Frank Littlehale; Closing Song, "God Be With You."

Richard Vittum has bought the Fick House on Lower Main St. and is making repairs on it.

Attending the meetings of the Grand Chapter of Maine, OES, at Portland, from Jefferson Chapter, are Mrs. Addelynn Mann, Secretary, and Mrs. Kathleen McAllister, Associate Matron.

Mr. and Mrs. Harold Tyler and Mr. and Mrs. James Billings were at the Tyler Camp at Byron for the week end.

NOTICE OF PROPOSED RECONSTRUCTION AND/OR RELOCATION OF U. S. ROUTE 2 IN THE TOWNS OF BETHEL, NEWRY AND HANOVER—OXFORD COUNTY FEDERAL AID PROJECT—P. 35-11131

The State Highway Commission is planning the reconstruction and relocation of a portion of U. S. Route 2 in the Towns of Bethel, Newry and Hanover, beginning at a point about 0.55 miles easterly of Sunday River in Bethel on existing U. S. Route 2 and extending easterly along U. S. Route 2 approximately 2.7 miles to a point about 0.5 miles easterly of Stony Brook in Hanover at the beginning of the recently constructed Federal Aid Project P-35-1163.

In accordance with U. S. Department of Commerce, Bureau of Public Roads "Policy and Procedure Memorandum 30-5" (advance copy issued August 10, 1956, subject "Public Hearings, Federal Aid Projects") the State Highway Commission hereby gives notice that any person, firm or corporation that may be interested in being afforded the opportunity to be heard at a public hearing for the purpose of discussing the proposed project shall notify the State Highway Commission, Augusta, Maine, in writing on or before May 20, 1959 that they request that such a public hearing be held. Individual property owners will be contacted at a later date in regard to individual problems concerning their property.

If any requests are received for such a public hearing, arrangements will be made for the hearing to be held in the office of the State Highway Commission at Augusta, Maine, May 13, 1959.

Good printing is a necessity in all forms of business. It can save hours of work, speed up routine tasks, eliminate common errors and help to avoid misunderstandings and costly delays or actual loss of business revenue.

Good printing is a convenience in the home. Inexpensive personal stationery is not only economical and in good taste but it is plain "good business" when used for other than social purposes. One's name and address plainly printed offer exact information of your identity in occasional correspondence.

The latest in modern business forms can be adapted to use in

many comparatively small businesses. As a matter of economy of time and money, it will pay to see what we can do for you in this line.

Remember that printed matter can be bought at widely varying prices. The bargain hunter can only hope to get his money's worth. The cost of good printing need not be high, and the buyer is assured of satisfaction.

It will be of advantage to all users of printed matter to consult us before buying. We can supply calendars, NCR and one-time carbon forms, many kinds of forms and office supplies promptly and economically.

Carlens Lary of Paris Hill, South Paris, Maine. Miss Lary is a student at the Bangor Seminary and will be the substitute pastor at the Locke Mills Union Church this summer.

We are honored to have the Gould Academy Band for the services again this year.

Jackson Silver Post No. 68 will also conduct the services at this cemetery in East Bethel at 10:30 in the morning. In the afternoon we will travel to Bryant Pond for their Memorial Day Services.

At the Oxford County Council meeting held at Dixfield Legion Hall May 19, Jackson Silver Post

No. 68 turned out with 22 members present. Rumford turned out with 27 members present to edge us out of the total attendance-up and will retire it this year. At this meeting Jackson Silver Post No. 68 reported 94 members which made them the largest post in Oxford County. The largest is Rumford with 934.

MAGALLOWAY

— Mrs. Bessie Harvey, Corres. —

The most of the sick people are recovering slowly but steadily and the schools have a better attendance.

The Errol graduating class has returned from a trip to Washington.

Mrs. Grace Turner has moved to her camp on the Diamond where she will tend the gate until December 1st.

The Brown Co trucks are hauling wood again, Malcolm Harvey, and Gordon Bragg are two of the men going back to work Monday morning.

Claude C. Linnell, Sr., with his wife, Mildred, returned recently from Florida where they spent the winter.

Both Fred and Archie Bennett are a little better. Fred is able to take off storm windows and put on screens.

Mrs. Bertha West is working for Mrs. Emily Cross at Errol and the last of the week will start work at the "Log Haven Cabins" near Dixville Notch.

Mr. and Mrs. Harold McGinley and 10 months old granddaughter spent the week end at their place in Wentworth Location.

Wendell and Larry Bragg with Wendell's fiancée, Miss Marjorie Gould, were home over the week end from Orono.

Mr. and Mrs. Clinton Bennett, Mrs. Catherine Bragg and Mrs. Elizabeth Gilman called on Mrs. Mabel Cameron, Sunday.

Clinton Bennett has finished working at Errol Dam.

Claude Linnell, Jr., recently purchased a boat and motor.

Mr. and Mrs. Arnold Bennett are moving their trailer from Errol to Hargreave where the works on a construction job for Cleveland West.

Mr. and Mrs. Ewen Cameron and Mrs. Virginia Lane went to his camps at Cranberry Bog Sunday.

The two services held at the Errol Church were on the 10th instead of the 3rd as reported last week. Sorry.

The Mothers and daughters banquet will be held at the Magalloway town hall in the near future.

New silverware and dishes have been purchased for the dining room at the town hall and the tables covered with new material.

The Aziscoos Grange meeting was well attended Friday evening with Mr. and Mrs. Maurice Parsons and Margot Harvey taking their 3rd and 4th degrees.

The weather is fine lately but the fields and woods are very dry.

Mr. and Mrs. George Stranger of Berlin and their sons, Joey and Scott, spent the week end with Fred Bennett. Mr. Bennett is improving in health.

Harold Wing of Marlboro, Mass., and a party of friends are staying at Big Buck Camps. Emory Carver of Oquosoc is guiding there. Alfred Hart is guiding at Boscawen Camps. Mrs. Hart is in Oatfield.

Both Herman Kenney and Clinton Bennett are plowing gardens with their tractors, and Merle Johnson is working with his roller tiller.

A little more work in the woods and on the river and lakes is starting.

The weather is very cold with a temperature of 20 degrees above on Monday morning. All the fields and roofs were white with frost.

The Magalloway Ladies' Club met on Monday evening with Mrs. Paul Garandin.

All the "flu" sufferers are well and the schools are keeping.

Cycle Knights of Bethel was in Magalloway Wednesday delivering gifts for Brooks Brothers.

Mrs. Bertha West started cleaning at Lock Haven Camps on Monday morning.

MORE THAN 2000 WEEKLY NEWSPAPERS THROUGHOUT U. S. A. BAIL LIQUOR ADS

A just completed survey of weekly newspapers throughout the U. S. A. shows the equivalent of 45 newspapers per state in 45 out of the 49 states of the Union that completely bar alcoholic beverage advertising of all kinds from their columns, whether distilled, wines, or beers, or a total of no less than 2,003 such community papers that refuse to accept any advertising of this character in their columns. This record is the more extraordinary since the liquor interests have been concentrating their strongest high-pressure sales tactics to get into the local community papers of all the medium sized cities and towns of the country during recent months.

The record shows that more than 50% of all the local weekly newspapers in Kentucky, North Carolina, South Carolina, Georgia, Mississippi, and Arkansas are free from alcoholic beverage advertising by their own individual choice, while 24% of the local papers in 15 states are dry so far as the advertising columns are concerned.

High points of this survey show that Texas leads the entire country with 246 weekly newspapers that will not accept alcohol advertising, a figure only slightly short of 50% of the weekly papers in that whole state. Illinois runs second with 153 dry weeklies. Iowa with 121 advertisingly "dry" weeklies; Kansas with 120; Indiana, North Carolina, and Ohio with 91 each; Missouri with 88; Georgia with 86; Kentucky and Pennsylvania with 75 each; New York State with 71; 61 in Arkansas; 59 in Alabama; 50 in Mississippi. Only 3 states, Delaware, Nevada, and Vermont, report no weekly papers with a "dry" advertising policy.

Interesting also in this survey is the fact that wine-famous California reports 50 weeklies that refuse to accept wine or any other liquor advertising; Wisconsin, called a beer commonwealth, still reports 31 weekly papers that refuse to advertise beer or any other alcoholic beverage; and, as noted above, Kentucky with its whiskey domination counts 75 weekly papers that refuse to take a cent of distillers' money; and Oklahoma counts 26 totally "dry" weekly papers so far as their advertising columns are concerned.

Just why these alcohol-free weekly newspapers maintain such a "dry" policy is of immediate and timely interest and many of the publishers are frankly and even

CAPTAIN RANDALL B. DAVIS PLACES IN PISTOL EVENTS

Captain Randall B. Davis of Bethel, placed in three of the pistol events fired at the First U. S. Army Rifle and Pistol Championships at Fort Dix, N. J.

The week-long program, largest rifle and pistol competition in the northeast United States, attracted more than 400 of the Army's leading marksmen from the New England states, New York, and New Jersey.

Captain Davis, firing in the sharpshooter, classification, captured second place in the Army Reserve Pistol Match with a score of 192 (with 3 dead center bulls). He also captured third place in the National Guard and First Army Center Fire Championship Matches respectively.

The First Army matches, part of a nationwide program designed to improve marksmanship in the Army, formed the last five steps in the "ladder" of competition leading to the All Army Championships at Fort Benning, Ga., later this month. All competitors entered in the meet at Fort Dix had survived qualifying tests in which approximately 7,000 shooters participated.

Captain Davis is assigned to Specialist Training Regiment, Fort Dix, New Jersey. His father, Royal V. Davis of Farmington has spent the past winter with his son, Larry Davis, and family on Paradise Street, Bethel.

South Boston, Virginia, The Halifax Gazette: "It is in character that a majority of our government school supporters will do almost anything in their power rather than permit private schools to flourish as they should. Consequently, they are about the business of increasing taxes and building new and bigger school buildings from dawn to dusk. And it is self-evident that if the American people are going to be robbed in advance by the tax collector, they will have less of their own substance to bestow upon a truly free and non-political school system."

FARM AND HOME IMPROVEMENT CONTESTS GETTING UNDERWAY

Improvements in the appearance of the grounds and buildings of Maine homes will be made this summer through entries in the county Farm and Home Improvement Contests and Programs.

Sponsors of the competition are the Women of the Extension Association, the County Extension Association, and the Extension Service of the University of Maine. The Sears, Roebuck Foundation has provided a sum of money to help finance the programs.

In most counties cash or merchandise awards will be given to entrants who make the greatest improvements in the appearance of their grounds and the outside of their homes. In most counties, prizes will consist of \$50 for first place, \$25 for second and \$20 for third.

The Farm and Home Improvement Committee of the Women of the Maine Extension Association consists of Mrs. Hazel L. Colamore, of Palmyra, chairman; Mrs. Inez Campbell, of Seabrook; and Mrs. Ruth West, of Bucksport.

For both rural and urban homes, the score card for the Contest states:

Improvements in the approach to the home, condition of the building, home grounds improvements, do-it-yourself and expense, and the report, including before and after photos.

Every home owner or renter in Maine is eligible to take part in the 1959 Farm and Home Improvement Contest or Project. Homes must be entered by May 15. Photos are taken before improvements are started and again after competition closes September 1. In most counties, community buildings may also be entered.

Families interested in the Farm and Home Improvement Contest may get in touch with local or county leaders of the Extension Association. If they prefer, they may contact home demonstration agents at the county offices of the Maine Extension Service.

"It would be a mistake for businessmen to conceive their efforts in legislative and political affairs as a mere counterforce to union power. The business leader cannot act from such narrow motives because he does not represent a narrow segment of the public."—Robert Paxton, President, General Electric Company.
